

Home Learning

In the event of a hub closing, Home Learning materials will be emailed to you just as we did during lockdown. You will receive a 'Home Learning Grid' which will consist of activities for you to choose from linked to our half termly topic 'Colour Explosion'.

We are available on email and can arrange telephone calls if you require specific strategies or advice to support your child's learning at home.

Physical Development

This half term we will be running dance sessions. These will encourage pupils to move in a variety of different ways, imitating movements, moving rhythmically to music and using imagination in our movements.

These sessions will be linked to our class topic stories!

CURRICULUM MAP

**Semi-Formal Pathway
Summer 1
2021**

'Every Achievement Counts'

Semi—Formal Curriculum

Areas of learning covered include:

Communication - integrating communication aids throughout the school day and Literacy skills

Cognition - problem solving, number, shape

How the World Works - Science, History, Geography, ICT

My Care and Independence - SRE, citizenship, RE, self-help and independence through integrated occupational therapy targets in daily routine

My Creativity - art and design, dance, music and design and technology

Physical Development - integrating physiotherapy targets, swimming, dance, yoga and PE (as appropriate)

Communication

Some of the stories we will be learning about are:

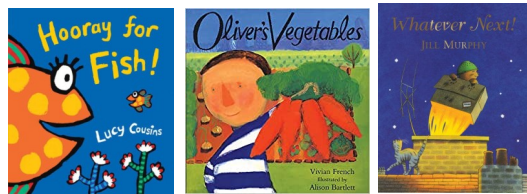

On the Land—Oliver's Vegetables and The Very Hungry Caterpillar

Under the Sea—Hooray for Fish and The Rainbow Fish

In the Sky—Whatever Next

In Phonics we will be learning about environmental sounds and some of us will continue to learn about Phase 2 sounds.

All topic activities have an integrated therapy approach and will also support your child's communication development.

Cognition

Tasks at the TEACCH station will include:

- Fine motor: threading or stacking
- Numeral matching/ordering/to quantity
- One to one correspondence
- Shape—matching and identifying
- Size—ordering big, medium and small and sorting big and small objects

Topic - How the World Works—Science

We will explore colour through the natural world around us 'On the Land', 'Under the Sea' and 'In the Sky'.

As we were home learning during our Let it Grow topic last year we will be revisiting growing and observing a variety of different plants!

We will be working on making predictions and anticipating changes, exploring new resources and combining ingredients/objects to create an effect.

My Care and Independence

We continue to celebrate our achievements every Friday during virtual class assembly!

We will continue to work on being helpful in the classroom and helping to keep our class tidy and completing jobs.

This half term there will be more group work and Neptune class will be working on adapting to their routine and transitioning to different areas of the classroom.
