Celebration Learning Event

Thank you to those parents/carers who were able to come along to our Learning Celebration events over the last two weeks.

They were really positive events and seemed to be enjoyed by pupils, families and staff and something we'll definitely try to do more of in the new academic year.

Parents/carers have fed back that it was lovely to see their children in action in their classrooms, to see what resources their children are using for their learning, to be able to celebrate their child's learning, to meet with other parents and to have time to chat informally with class teams. They also appreciated coming back into the school in person and feeling part of the school community again. You have also fed back that once dates have been published to please keep to those dates to support working parents/carers who need to book time off. If you'd like to offer any further feedback please email Toni so that we can use this to plan for future events.

A reminder that there is no school on Friday 24th June for pupils. This is an INSET day for staff to complete CPD.
